

Product Description

Ambiance Globe

Decorative covered standard energy saving lamp in globe shape Gives a soft, diffuse light with a high comfort level Suitable for applications where lamp is visible Approximates the look of a frosted globe shaped incandescent lamp

Benefits

- Reduced glare and aesthetic form due to globe shaped outer bulb
- Energy saving
- Long life - Few lamp replacements

Features

- Reduce energy costs by 80% over Incandescent lamp
- Lasts for 3 years

Application

- Elegant, traditionally-shaped bulbs that are well-suited for many decorative fixtures
- Not suitable for dimmers, or electronic switches or remote controls. Prefer to be used in open luminaires

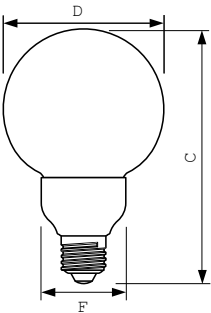

Versions

18W, E27, GL110
