

Energy Saver Compact Fluorescents - Going green never looked so good

Energy Saver Outdoor

Looking for an energy saver that does not look like one? The Philips EnergySaver Outdoor family provides energy efficient lighting options that don't just provide similar light as your standard incandescent light bulb. Available in reflector flood, bug away, and post varieties. Try the Philips EnergySaver Outdoor family of products and see how they truly provide advanced lighting designed around your needs.

Benefits

- The Philips Energy Saver Outdoor Family provides energy savings and reduced operating costs without sacrificing quality of light compared to standard incandescent equivalents.
- Provides an incandescent-like light.

Features

- Translucent cover on reflector and postlight reduces glare.
- Outdoor Bug away does not attract insects.
- Last at least 7 years*
- Save up to 75% in electricity costs when compared to an equivalent incandescent bulb.
- Available in: 14 watt bug away and postlight; 23 watt reflector.
- * Based on approximately 3 hours average usage per day/7 days per week

Application

- Ideal for use in outdoor applications, outdoor postlights, recessed fixtures and open hanging fixtures.
