

Energy savings without sacrifices

Halogená Energy Advantage "GLS"

Philips Halogená® Energy Advantage Lamps use less energy while maintaining bright, crisp, white halogen light. Available in traditional lamp shapes to fit most incandescent fixtures. Halogená Energy Savers work with dimmer switches, and are available in the familiar "A" and decorative shapes. Use them in your existing fixtures and your home will look great while you save energy.

Benefits

- Use less energy while maintaining bright, crisp, white halogen light.
- Traditional lamp shapes you are accustomed to fit into standard fixtures
- Energy savings- Save 33% energy costs when you replace a 60W incandescent with a 40W T60 Halogená® Energy Advantage bulb+. Save up to 38% in energy costs when you replace a 40W incandescent with a 25W Halogená® Energy Advantage decorative bulb+. Save up to 33% when you replace a 60W incandescent with a 40W Halogená Energy Advantage decorative bulb.†
- †(Existing wattage - new wattage) divided by Existing wattage = % of energy cost savings
