

Spot of crisp white light from modern-looking aluminum reflector

Aluline 111

Low-voltage halogen burner in decorative aluminum reflector equipped with antiglare cap. Ideal solution for high-end modern luminaires, putting your objects in the spotlight. Aluminum coating prevents heat in the backlight.

Benefits

- Bright, sparkling halogen light to put your objects in the spotlight
- Fully dimmable, from 0 to 100%, to meet different brightness requirements
- Low replacement costs due to long lifetime

Features

- Superior quality of light with excellent color rendering (Ra=100)
- Low-pressure technology with UV-block glass allows use in luminaires without front glass
- Aluminum coating
- Lifetime: 3000 hours
- Instant start

Application

- Spot accent lighting to create the right ambiance in hotels, restaurants and shops
