

Frost/Clear

Frost / Clear

The Philips Family of Standard Frost and Clear bulbs are good for everyday use. Clear bulbs provide sparkle, especially in fixtures that are made of chrome, have mirrored surfaces, multiple sockets or have cut glass parts. If glare is a problem, use a dimmer or a lower wattage bulb to reduce brightness. Clear bulbs are also used in fixtures with reflectors. Frost bulbs provide soft light with reduced glare.

Features

- Frost bulbs provide soft light with reduced glare.
- Clear bulbs provide sparkle.
- Available in: Frost and Clear: 40, 60, 75, and 100 watt.

Application

- Ideal for use in table, floor and special use fixtures.
