

Clean design for a versatile luminaire

Harmony 1&2 LED

Harmony LED is based on a clean shape, a modular construction and complementary optical systems. It can be adapted to all styles of setting and types of application. Available in two sizes and designed for heights from 4 to 10 metres, the luminaire can be combined with several brackets and wall-mounted solutions, allowing you to compose varied, yet consistent installations. Harmony LED is the overall lighting solution for classic and contemporary urban settings, delivering outstanding levels of lighting and energy performance thanks to its LED engine and its application-tailored optics. Harmony LED is also equipped with dedicated light recipe that preserves a dark night sky.

Benefits

- Timeless, clean design
- Tool-less maintenance
- Energy-efficient
- Equipped with a service tag, a QR-based identification system that makes each luminaire uniquely identifiable and provides maintenance, installation and spare part information

Features

- High level of energy-efficiency and an extensive range of dimming options
- Optimised optics to deliver efficient and comfortable lighting levels
- Installation flexibility: post-top, side-entry, suspended and with dedicated brackets

Application

- Residential streets, pathways, cycle paths, parks and playgrounds, parking areas
- City centres: side streets, walkways, squares and parks, public transport, parking areas
