eW Graze EC Powercore – exterior cove, niche and detail illumination

eW Graze EC Powercore

Some exterior architectural details require a soft-edged volume fill of light. Graze EC Powercore combines this output with the proven, durable design of the Graze Powercore product family and low power consumption.

Benefits
· Superior light quality, consistency and output thanks to Philips Color Kinetics Optibin and Chromasync technologies
· Simple installation and long run lengths enabled by Powercore technology
· Static and dynamic lighting effects can be designed, displayed and changed via Philips Color Kinetics controllers

Features
· Soft-edged light output for volume-fill applications thanks to diffuse cover lens
· Low power consumption is perfect for less demanding exterior applications
· Unparalleled control via adjustable dimming curves and transition speeds
· Superior output matching from fixture to fixture thanks to Optibin and Chromasync technologies

Application
· Illumination of exterior coves
· Illumination of exterior details (porte-cochères, mullions, balustrades, etc.)
