

# Performance interior linear cove and accent luminaire with single temperature white light

## eW Cove QLX Powercore

eW Cove QLX Powercore represents the latest in high-quality linear LED cove lighting from Color Kinetics. This elegant, low-profile luminaire delivers up to 432 lumens per foot of white light at an affordable price. eW Cove QLX Powercore is designed to replace traditional cove lighting sources for wall and ceiling glow effects, wall washing, and indirect lighting from a single cove. Multiple color temperatures, beam angles, power levels, and lengths afford an abundance of design options.

### Benefits

- Excellent output of white light
- Multiple options for design flexibility
- Energy-efficient, easy to install, and long lifetime

## eW Cove QLX Powercore

### Features

- Efficacies near or exceeding 100 lm/w provide optimum output without restrictions on lumen maintenance, operating temperature or warranty.
- Available in four color temperatures, ranging from a warm 2700 K to a cool 4000 K
- End-to-end locking power connectors can make 180° turns
- rotation in 10° increments through 180° for precise aiming and color mixing
- Smooth dimming capability with standard ELV-type dimmers
- Integrated Powercore technology

### Application

- Wall and ceiling glow effects
- Wall washing
- Indirect lighting
