

# Enhancing your project's unique style

## Wraparound Bases

Wraparound Bases by Hadco provide a simple decorative alternative to new or existing simple shaft poles.

### Benefits

- Decorative, durable, and flexible.
- Fade and abrasion resistant with polyester powder coat finishes.

### Features

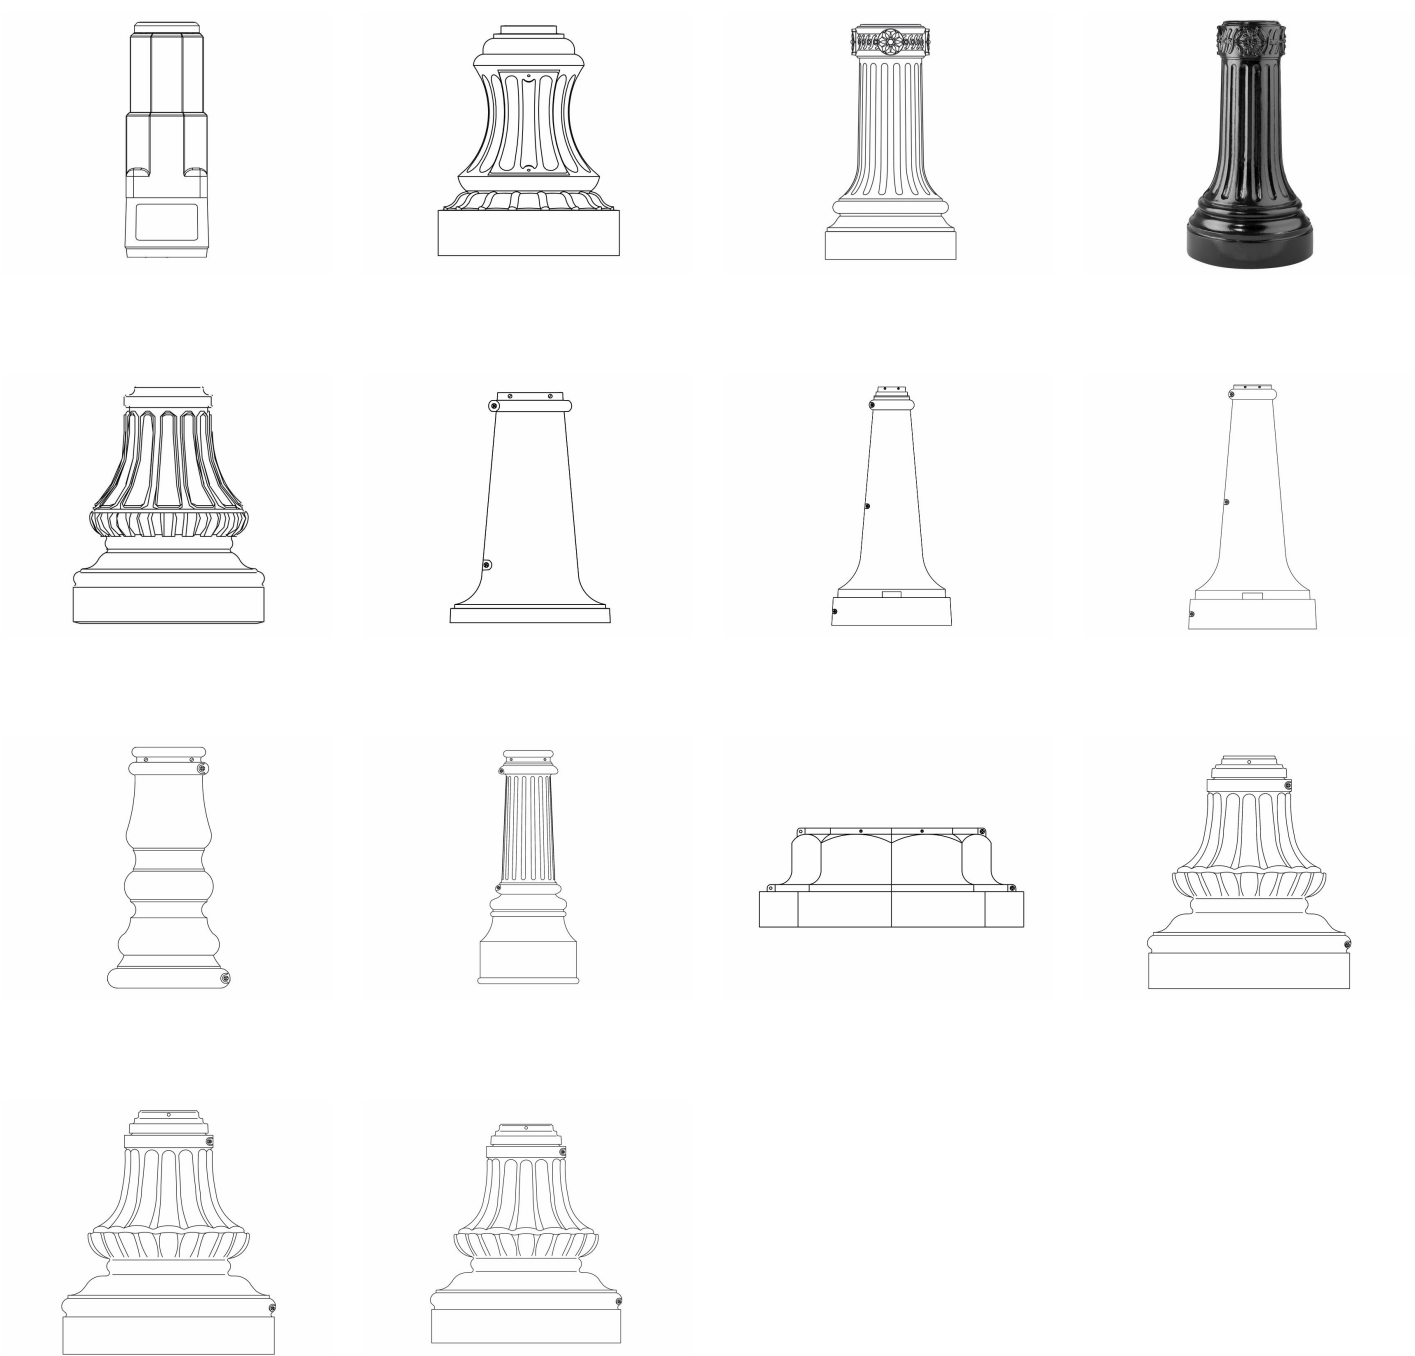

- Available to fit numerous round pole sizes between 3" and 8".
- Made from 356 HM high-strength, low-copper, proprietary cast aluminum alloy, two-piece construction.
- WAB1716 and 141 products are also available for octagon shaped pole shafts.

### Application

- Bridges, Monuments, Facades
- Road and Street
- Parks and Recreation
