

122 LED – offering the most diverse line of performance sconces

122 LED Sconce

Gardco 122 SlenderForm high performance LED sconces are designed to integrate naturally to wall surfaces while providing the distinct SlenderForm look. Available with three (3) different distribution patterns, 122 LED sconces provide full cutoff performance (in the normal downlight position.) Luminaires feature advanced LED thermal management technology. High performance Class 1 LED systems offer potential energy savings of 50 % or more compared to HID systems. 122 LED luminaires are also available with Automatic Profile Dimming, automatically increasing savings by an additional 33%, and with Motion Response for maximized energy savings.

Benefits

- Uses up to 50% less energy than HID
- Uniform distribution free of hot spots, streaks or striations
- Maintains long LED life
- Modern aesthetic
- Controls glare and light trespass

Features

- Advanced Class 1 LED array system
