

# Taking LED accent lighting to the next level

## Alcyon LED Vertical Recessed Multiple

Alcyon LED Vertical recessed lighting is a three-part system designed to offer high-performing, target illumination to meet today's accent lighting needs. Alcyon LED Vertical recessed lighting utilizes the same LED technology and reflectors as the track heads, providing performance consistency and design continuity within a space.

### Benefits

- Market leading efficiency and "candlepower punch"
- Tool-less aiming, tilt and pull-down design
- 3 part system designed for high performing, target illumination

### Features

- Available in 600, 1000, and 2000 lumens
- Reflector options: narrow spot, spot, narrow flood, flood beams
- 1,2,3 or 4 head configurations

### Application

- Fashion
- Food and Large Retailers
- Office
- Banks
- Hospitality
- Airports
