

Bring new depth to your designs

Flat Downlight LED

Lightolier LED flat downlight provides an easy and quick downlight solution without the traditional frame and reflector. Perfect for installation in existing ceilings or new construction with the benefits of energy saving LED technology.

Benefits

- Perfect for shallow ceiling plenum or use under a joist.
- Detachable junction box and spring clips make installation quick and easy
- Extension cables available for remote mounting flexibility.
- Junction box can clip to the luminaire to meet the National Electric Code (NEC).

Features

- Available in 4" and 6", round and square apertures
- Accessories: New construction plates and extension cables
- Dimming: ELV & TRIAC down to 10%

Application

- Residential
