

FlexScape - breaking new ground with optimal flexibility

FlexScape Inground IL9

Hadco FlexScape LED inground luminaire IL9 opens new horizons for low-voltage landscape lighting. It is designed for optimal LED performance and superior flexibility. The luminaire creates visual interest for pathways, walls, columns and foliage. Its rugged housing installs directly into the soil. In addition to low-energy outdoor lighting, it features convenient on-site beam adjustability. This allweather luminaire comes with 100% molded silicone gaskets.
