# G Series - Efficient and economical

## G Series LED High Bay

The G Series LED high bay is a highly efficient luminaire that provides exceptional light distribution for general areas. Designed with low cost of ownership in mind, the G Series is an economical full body luminaire that takes advantage of high efficiency, long life LED technology. The hinged LED tray pivots down with a quick release, allowing for immediate access to all internal fixture components. This unique design adds the benefit of quicker, easier fixture maintenance.

#### **Benefits**

- Rigid housing construction
- · Quick and easy access to internal components
- Excellent light distribution
- Fits many applications

#### Features

- · Brake formed housing from heavy gauge cold rolled steel
- · Hinged socket bar assembly
- · Highly specular aluminum reflector
- Flexible mounting methods

#### Application

- Manufacturing
- Warehouse
- Retail
