

RL13 - design-enhancing illumination

RL13 Deck Light Series

The RL13 Composite deck light is a low voltage surface-mount luminaire for decks and walkways. It's injection-molded RYTON® composite and polycarbonate with stainless steel fasteners. The finish is thermoset polyester powdercoat electrostatically applied for superior weatherability and fade resistance. Optics include a 10W maximum T3 bi-pin lamp and a molded prismatic acrylic polycarbonate to allow adjustable light distribution. The 12 volt fixture is pre-wired with 6-ft. pigtail for easy installation.

Benefits

- Adjustable light distribution
- Quick and easy installation
- Fade and abrasion resistant

Features

- Prismatic polycarbonate optics
- Lamp included
- Low voltage connector included
- Polyester powdercoat finish

Application

- Landscape
