

# Legacy Straight Round Aluminum Pole – superior structural quality

## Legacy Straight Round Aluminum Pole

The Gardco legacy straight round aluminum poles consist of a one piece extruded aluminum lighting standard mounted to a cast aluminum base, a hinged aluminum base, or a structural quality carbon steel base tenon. The poles are finished with either Architectural Class 1 anodizing or electrostatically applied TGIC polyester powder coat.

### Benefits

- Built to withstand harsh environmental conditions
- Superior corrosion resistance
- Optimal strength and durability

### Features

- 4", or 5" diameter poles
- Available in various heights ranging from 8' to 30'
- Steel tenon, cast, or hinged base options
- Post-top or side arm mount options

### Application

- Parks and Plazas
- Road and Street
