

Designed for the illumination, electrical shielding and infection control requirements of the surgical suite

SurgiCare Recessed Sealed 2x4

The SSTR Series is designed for the illumination, electrical shielding and infection control requirements of the surgical suite. The asymmetric/symmetric light distribution provides the ambient illumination while contributing supplemental illumination for the surgical field. SSTR luminaires are available in a variety of lamping options. The housing is fully sealed to minimize potential room contamination and simplify cleaning. Meets MIL-STD 461F, wet location listed and is IP65 rated.

Benefits

- Continuous hinged door allows simplified installation and servicing

Features

- Meets MIL-STD 461F, Wet location, and is IP65 rated
- Seamless door frame

Application

- Hospitals and Care Centers
