

Multi-purpose with aesthetic appeal

TruPath TPC LED Exit/Emergency Unit

The Chloride TruPath LED exit/unit combo TPC is a multi-purpose product that features a low-profile, contemporary with aesthetic appeal for most commercial applications, yet also offers wet location listed option, making it durable enough for harsher industrial environments. Smaller than any other industrial combo currently available, the TPC's unique design provides emergency illumination from two concealed, pre-aimed highpowered LED light sources unobtrusively located internally at the bottom of the housing.

Benefits

- Long lasting LED light
- High Brightness

Features

- Low-profile, contemporary design
- Smallest industrial combo currently available

Application

- Exit and Emergency

TruPath TPC LED Exit/Emergency Unit
