

Harmonizes beautifully your urban settings

Westbrooke LED pendant (CXF15)

The Hadco Westbrook pendant luminaires offer a simple and modern look but still traditional, providing style and performance to work in several urban applications including residential streets, city streets, campuses, parking lots and retail centers. These pendants use the latest LED technology which maximizes energy savings and provides uniform and comfortable light. The Swan is a great solution for new installations or replacing a variety of HID sources.

Benefits

- Multiple distribution options and lumen packages suitable for several applications
- Maximizes energy savings to minimize total cost of ownership
- Significant energy savings over HID
- Dimming controls available for additional energy savings during off-peak hours

Features

- Multiple lumen packages
- Top arm mounting options available
- Cast aluminum housing
- IP66 rated optical chamber and LED driver

Application

- Road and Street
