

Mini 300 Cube DGP300

ZGP300 MBP-T L1195 SI

TP/6 SI, Silver

Mini 300 Cube is an extremely efficient low-glare luminaire specially designed for downlighting. The efficiency is achieved by a special optic coating, which reflects 97% of the light, and by the use of CDM-TD 4200 K lamps. The combination of this lamp and the white-coated reflector creates an inviting atmosphere with colour rendering of 96. Mini 300 Cube delivers a uniform light distribution with an asymmetric or bi-directional beam creating outstanding illuminances in industrial and retail environments. The range comprises versions for recessed (DBP300), surface mounted (DCP300) and post/wall mounted (DGP300). Within the Mini 300 product family there is also a dedicated floodlight version (Mini 300 Stealth).
