## TPS550 2xTL5-54W HFP NB W3

2, TL5, 54 W, HF Performer, Narrow beam, Plug-in connector 3-pole Wieland/Adels compatible

In industry, the bottom line is affected by a whole host of factors – worker productivity, running costs and maintenance, to name just a few. In today's economic environment, with margins under pressure, all businesses operating high-bay facilities are faced with the pressing need to save energy. Our ProLux high-bay solution is a direct replacement for current HID high-bay systems and enables significant energy savings. The combination of robust housing, high-reflectance material and specially designed reflector add up to a high-efficiency luminaire that can help drive profitability by improving energy efficiency.
