

# **CoreLine Downlight**

#### **DN130B LED20S/830 PSU IP44 PI6 WH**

CoreLine Downlight WH, LED Module, system flux 2000 lm, 830 warm white, Power supply unit (On/Off), Wire-protected, splash-proof, Push-in connector 6-pole, White

The CoreLine Downlight range of recessed luminaires is designed to replace CFL-ni/CFL-i based downlight luminaires. Their attractive TCO helps customers to make the switch to LED. These luminaires create a natural lighting effect for use in general lighting applications. They also deliver instant energy savings and have a much longer lifetime, creating a real value-for-money and environmentally friendly solution. They are easy to install thanks to their standard cut-out size and push-in connectors.

#### **Product data**

| General Information      |   |
|--------------------------|---|
| Lamp family code         | LED20S [LED Module, system flux 2000 lm]        |
| Light source replaceable | No  |
| Number of gear units     | Unit  |
| Driver included          | Yes   |
| Remarks                  | *- According to the Lighting Europe guidance    |
|                          | paper 'Evaluating performance of LED based      |
|                          | luminaires – January 2018': statistically there |
|                          | is no relevant difference in lumen              |
|                          | maintenance between the B50 and, for            |
|                          | example, the B10. Therefore, the median         |
|                          | useful life (B50) value also represents the B10 |
|                          | value.  |
| Product family code      | DN130B [CoreLine Downlight WH]                  |
| Lighting Technology      | LED   |

| Value ladder                     | Performance                        |
|----------------------------------|------------------------------------|
| CE mark                          | Yes                                |
| Warranty period                  | 5 years                            |
| Flammability mark                | For mounting on normally flammable |
|                                  | surfaces                           |
| ENEC mark                        | -                                  |
| Glow-wire test                   | Temperature 850 °C, duration 5 s   |
| EU RoHS compliant                | Yes                                |
|                                  |                                    |
| Light Technical                  |                                    |
| Luminous Flux                    | 2,100 lm                           |
| Correlated Colour Temperature    | 3000 K                             |
| Luminous efficacy (rated) (nom.) | 95 lm/W                            |
| Colour rendering index (CRI)     | 80                                 |
| Beam angle of light source       | 120 degree(s)                      |
