

TrueLine, recessed

RC515B LED34S/840 PSD BCV W AIR

TrueLine Recessed Band Raster OC, LED module, system flux 3400 lm, 840 neutral white, Power supply unit with DALI interface, Plug-in connector 3-pole Wieland/Adels compatible

Architects need a lighting solution that matches the interior architecture of the space they are enhancing. They want a light line with elegant proportions and high light levels that offers maximum design freedom. Philips TrueLine is a flexible linear luminaire for indoor office applications that offers excellent quality with the promise of future-proof upgrades. Specifiers need luminaires that save energy, at the same time as providing the right level of light. TrueLine recessed meets both these sets of requirements. Not only is it compliant with the WELL Building Standard for Light, TrueLine recessed is rated UGR<lt/>ly-19, which is compliant with all office norms (OC). TrueLine also comes in suspended and surface-mounted versions. All the luminaires in the family are available in different lengths, shapes, colors and light outputs. This offers the ultimate design flexibility and unlimited possibilities. TrueLine luminaires are also a sustainable, future-proof choice with high efficiency up to 140 lm/W and the option to upgrade to wireless connectivity and control.

Warnings and Safety

- The product is IPXO and, as such, is not protected against water ingress. Therefore, we strongly recommend that the environment in which the luminaire is to be installed is suitably checked.
- If the above advice is not taken and the luminaires are subject to water ingress, Philips / Signify cannot guarantee safe failure and the product warranty will become void.

Product data

General Information	
Lamp family code	LED34S [LED module, system flux 3400 lm]
Cap-Base	- [-]

Light source replaceable	No	
Number of gear units	1 unit	
Gear	GRT [Gear tray (without gear)]	

Datasheet, 2023, October 9 data subject to change

TrueLine, recessed

Driver included	Yes	Driver/power unit/transformer
Remarks	*-Per Lighting Europe guidance paper	Control interface
	"Evaluating performance of LED based	Constant light output
	luminaires - January 2018": statistically there	
	is no relevant difference in lumen	Mechanical and Housing
	maintenance between B50 and for example	Housing Material
	B10. Therefore, the median useful life (B50)	Reflector material
	value also represents the B10 value.	Optic material
Service tag	Yes	Optical cover material
Product family code	RC515B [TrueLine Recessed Band Raster OC]	Fixation material
Lighting Technology	LED	Housing Color
Value ladder	Specification	Optical cover finish
Embedded control	-	Overall length
CE mark	Yes	Overall width
Warranty period	5 years	Overall height
