

# TrueLine, recessed

## RC530B LED43S/840 W8L150 VPC ELP3 PI6

TrueLine, recessed, 3 W, 780 lm, 4000 K, DALI

Architects need a lighting solution that matches the interior architecture of the space they are enhancing. They want a light line with elegant proportions and high light levels that offers maximum design freedom. Philips TrueLine is a flexible linear luminaire for indoor office applications that offers excellent quality with the promise of future-proof upgrades. Specifiers need luminaires that save energy, at the same time as providing the right level of light. TrueLine recessed meets both these sets of requirements. Not only is it compliant with the WELL Building Standard for Light, TrueLine recessed is rated UGR<lt/>ly-19, which is compliant with all office norms (OC). TrueLine also comes in suspended and surface-mounted versions. All the luminaires in the family are available in different lengths, shapes, colors and light outputs. This offers the ultimate design flexibility and unlimited possibilities. TrueLine luminaires are also a sustainable, future-proof choice with high efficiency up to 140 lm/W and the option to upgrade to wireless connectivity and control.

### **Warnings and Safety**

- The product is IPXO and, as such, is not protected against water ingress. Therefore, we strongly recommend that the environment in which the luminaire is to be installed is suitably checked.
- If the above advice is not taken and the luminaires are subject to water ingress, Philips / Signify cannot guarantee safe failure and the product warranty will become void.

#### **Product data**

| Lamp family code LED43S [LED module, system flux 430]   Cap-Base - [-] | 0 lm] |
|--|-------|
| Cap-Base - [-]   |       |
|  |       |
| Light source replaceable No  |       |
| Number of gear units 1 unit  |       |
| Gear -   |       |

| Driver included | Yes   |  |
|-----------------|---|--|
| Remarks         | *-Per Lighting Europe guidance paper            |  |
|                 | "Evaluating performance of LED based            |  |
|                 | luminaires - January 2018": statistically there |  |
|                 | is no relevant difference in lumen              |  |
|                 | maintenance between B50 and for example         |  |
