

Iridium SGS252/452

ZGS252 L-BACK V2

IRIDIUM

Iridium is a family of road-lighting luminaires designed for three main applications – residential areas and minor roads, major roads and motorways. Its modularity allows the integration of optical or electronic components in order to adapt to the changing demands of road lighting, e.g. the growing demand for white light and controls. Iridium ensures low cost of ownership thanks to its superior optics, dimming and Telemanagement capability, and ease of installation and maintenance. The Iridium luminaire family includes MASTERColour CDM Elite MW, CosmoPolis and LED-enabled versions. It comes in four different sizes – for mounting heights from 3.5 to 12 meters – and is suitable for side-entry and post-top mounting. A full range of brackets ensures visual consistency between the column and the gently rounded luminaire, making Iridium a total solution. Each Iridium luminaire is fully recyclable; only the light source and driver have to be recycled separately.

Product data

General Information		Material Nr. (12NC)	
Product family code	ZGS252 [IRIDIUM]	Numerator - Quantity Per Pack	1
Product Data		EAN/UPC - Product/Case	8711559837598
Order product name	ZGS252 L-BACK V2	Numerator - Packs per outer box	1
Full product name	ZGS252 L-BACK V2	EAN/UPC - Case	8711559837598
Full product code	871155983759800		
Order code	910502103318
