

Metronomis Cambridge

CDS580 CDO-TT150W K 240V II PR TP GR SND

METRONOMIS 1, MASTER CityWhite CDO-TT, 150 W,
Transparent bowl with painted cover

Metronomis is a family of ten highly distinctive luminaires and dedicated supports (masts and brackets), which can be used with a wide variety of optics to provide architects and lighting designers with the total solution needed to create a unified, consistent lighting design that still reflects the differences in urban culture and history. In its daytime appearance, Metronomis integrates harmoniously with any street scene, while its night-time appearance is both functional – guiding people and traffic safely through the city – and decorative, creating a pleasant ambience in city squares and pedestrian precincts.

Product data

General Information		Operating and Electrical
