

OptiVision LED gen2

ZVP520 PAD A30

30°

The Philips OptiVision LED gen2 floodlighting system provides a complete lighting solution for the simplest through to the most complex area and recreational sports lighting applications. The high-efficiency floodlights come with three or two LED light modules, which function with an external driver box – separate for use at a distance from the floodlight (BV), or pre-fixed onto the mounting bracket of the floodlight (HGB) for ease of installation and lower initial cost. They meet the highest performance standards, provide outstanding light quality, and ensure safety and visual comfort. OptiVision LED gen2 offers new possibilities to reduce energy consumption and increase flexibility (instant start, programmable lighting levels) when used in conjunction with Philips' advanced system controls and sensors. The floodlights are also compatible with other external control systems via DALI protocol.

General Information	
Angle	30°
Value ladder	Specification

Product Data	
Order product name	ZVP520 PAD A30
Full product name	ZVP520 PAD A30
Full product code	871869606736900

Order code	06736900
Material Nr. (12NC)	910503910040
Numerator - Quantity Per Pack	1
EAN/UPC - Product/Case	8718696067369
Numerator - Packs per outer box	1
EAN/UPC - Case	8718696067369
