

Iridium LED Mini

BGS451 ECO35--2S/830 II MSO AL 7035

Mini Iridium LED, LED EconomyLine 3500 lm, 830 warm white, Safety class II, Medium wide street optic, Light gray (RAL7035)

The second generation of compact Mini Iridium LED road-lighting luminaires offers a much wider scope of application thanks to a more powerful LED engine and brand new optics, which allow maximum energy savings in residential streets. Additional control devices can be fitted into the mast and communicate with the luminaire to further increase energy savings. This new generation of Mini Iridium LED also gives municipal authorities the freedom to change the atmosphere of the street thanks to the choice of different color temperatures (warm, neutral and cool white).
