Maxos TL5, trapeze reflectors and optics

4MX693 1/2 54 L-T WH

MAXOS LLT5, 54 W

The sturdy trapeze reflectors for TL5 are designed first for applications in supermarkets, shops and industry. They are made of steel, with a white or silver finish. The reflectors are made for electrical units holding one or two TL5 lamps 54, 49 or 80 W and provide an excellent light output ratio. There are basic trapeze reflectors without an additional mirror inlay and trapeze reflectors with dedicated aluminum mirror inlays. These are designed for narrow-beam or medium-beam light distributions, asymmetrical wall-washing light distribution on request. Moreover perforated reflectors giving a more airy design and slotted trapeze reflectors (without mirror inlays) can be ordered to create an indirect uplighting effect. For glare reduction, the trapeze reflector can be equipped with a white steel louver (L-T). The reflectors are fixed to the electrical units via a simple click-in. The reflectors can be connected to each other in a line with a connection piece at one end of the reflector coming with the reflector. End plates for the beginning and the end of the light line, are available as accessories.
Product data

General Information

Accessory color	White
Product family code	4MX693 [MAXOS LLT5]

Operating and Electrical

Power Consumption	54 W

Approval and Application

Ingress protection code	IP63 [Dust penetration-protected, rain/spray-proof]

Product Data

Full product code	403073263516099
Order product name	4MX693 1/2 54 L-T WH
Order code	910605125726
Numerator – Quantity Per Pack	1

Maxos TL5, trapeze reflectors and optics

Numerator – Packs per outer box	6
Material Nr. (12NC)	910605125726
Full product name	4MX693 1/2 54 L-T WH
