MAXOS LLT5, 2, 49 W

Maxos TL5 Universal reflectors are designed for electrical units holding 1 x or 2 x TL5 lamps. Intended for applications in industry, supermarkets, shops and offices, they can be supplied with a white or silver outer finish. Mirror inlays create the following light distributions: wide beam (WB), medium beam (MB), narrow beam (NB) and asymmetrical beam (A). Maxos TL5 Universal reflectors can be ordered in IP20 and IP60 (lamp compartment only). IP60 applications require a PMMA or a polycarbonate cover. For IP20 applications, louvers (D6), prismatic screens (P) and acrylic micro-lens optics (MLO) are available. White steel louvers (L) are available for both IP20 and IP60.
