IRIDIUM, 140 W, Electronic, Polycarbonate bowl/cover

Iridium is a family of road-lighting luminaires designed for three main applications – residential areas and minor roads, major roads and motorways. Its modularity allows the integration of optical or electronic components in order to adapt to the changing demands of road lighting, e.g. the growing demand for white light and controls.

Iridium ensures low cost of ownership thanks to its superior optics, dimming and Telemanagement capability, and ease of installation and maintenance. The Iridium luminaire family includes MASTERColour CDM Elite MW, CosmoPolis and LED-enabled versions. It comes in four different sizes – for mounting heights from 3.5 to 12 meters – and is suitable for side-entry and post-top mounting. A full range of brackets ensures visual consistency between the column and the gently rounded luminaire, making Iridium a total solution. Each Iridium luminaire is fully recyclable; only the light source and driver have to be recycled separately.

### Product data

General Information		Mechanical and Housing	
Gear	EB [Electronic]	Housing Color	Gray
Product family code	SGS253 [IRIDIUM]		
CE mark	Yes	Approval and Application	
		Protection class IEC	Safety class II
Light Technical		Product Data	
Optical cover type	Polycarbonate bowl/cover	Order product name	SGS253 CPO-T140W K EB II PC GR
		Full product name	SGS253 CPO-T140W K EB II PC GR
Operating and Electrical		Full product code	871794396401700
Power Consumption	140 W	Order code	910721401416
		Material Nr. (12NC)	910721401416
		Numerator - Quantity Per Pack	1

Iridium SGS253/453

EAN/UPC - Product/Case	8717943964017
Numerator - Packs per outer box	1
EAN/UPC - Case	8717943964017
