MODENA P, E40, Safety class II, Closed CT-POT, Glass bowl/cover, Grey

Modena is a road-lighting luminaire that combines elegance and excellent lighting performance. Its fluid, rounded form gives it a strong and distinctive visual character. Modena offers a wide choice of optical, electrical and mechanical options to satisfy all road applications. It allows considerable energy savings (dimming with standard dimming devices or stand-alone Lumistep and Chronosense systems; electronic ballast or Telemanagement system) and is easy to install and maintain. The Modena family accommodates CosmoPolis white-light technology and LED-enabled versions and comes in three sizes – for mounting heights from 3.5 to 12 meters. Each Modena luminaire is fully recyclable; only the light source and driver have to be recycled separately.
