

# Mini 300 LED gen2

# BBP400 ECO75-3S/757 I PRM WH D9 SNS CFRM

Mini300 LED gen2, LED EconomyLine 7500 lm, Petrol rotational symmetric medium

The Mini 300 LED gen2 luminaires provides highly efficient, controlable and manageable lighting solutions for petrols station canopies and low bay applications. These ultra-efficient retrofit LED fixtures are the latest development of the Philips Mini 300 range offering outstanding light quality, effective thermal management, and long lifespan. Reduced maintenance, replacement and energy costs also mean a short payback period, making Mini 300 LED gen2 a shining example of how businesses can save money without compromising on light quality by opting for energy efficient LED products. The integrated movement detector, daylight sensor and scheduler options enabls further energy savings. Our Mini 300 LED gen2 app gives users control in ways that are simply not possible with other luminaires — reading status, managing and controlling lighting from ground level using a laptop or Smartphone via Bluetooth – removing the need for access cranes or ladders.

### **Product data**

| General Information      |                                 |
|--------------------------|---------------------------------|
| Lamp family code         | ECO75 [LED EconomyLine 7500 lm] |
| Light source replaceable | Yes                             |
| Number of gear units     | Unit                            |
| Driver included          | Yes                             |
| Photocell                | -                               |
