

# Mini 300 LED gen2

#### BBP400 ECO121-3S/757 I PRW WH MDU CFRM-1

Mini300 LED gen2, 48, LED EconomyLine 12100 lm, LED, 88 W, Power supply unit regulating external, Petrol rotational symmetric wide, Flat glass, 135°, Movement detection unit

With operating margins under pressure, companies are looking for ways to save energy. LED products like our Mini 300 LED gen2 luminaires are a perfect solution. Designed for petrol-station canopies and low-bay applications, these ultra-efficient retrofit fixtures offer outstanding light quality, effective thermal management, and a very long lifespan. Reduced maintenance, replacement and energy cost means a short payback period, making Mini 300 LED gen2 a shining example of how businesses can save money by opting for green products. A movement detector combined with a daylight sensor enables further energy savings. Our Mini 300 LED gen2 app gives users control in ways that are simply not possible with other luminaires — for instance, reading status and managing lighting from the floor by laptop or Smartphone via Bluetooth.

#### **Product data**

| General Information      |                                   |
|--------------------------|-----------------------------------|
| Lamp family code         | ECO121 [LED EconomyLine 12100 lm] |
| Light source replaceable | Yes                               |
| Number of gear units     | 1 unit                            |
| Driver included          | Yes                               |
| Photocell                | -                                 |
| Light source engine type | LED                               |
| Product family code      | BBP400 [Mini300 LED gen2]         |
| Lighting Technology      | LED                               |
| Embedded control         | Movement detection unit           |
| CE mark                  | Yes                               |

| Warranty period                | 5 years                          |
|--------------------------------|----------------------------------|
| Flammability mark              | -                                |
| ENEC mark                      | ENEC mark                        |
| Glow-wire test                 | Temperature 960 °C, duration 5 s |
| EU RoHS compliant              | No                               |
|                                |                                  |
| Light Technical                |                                  |
| Upward light output ratio      | 0                                |
| Luminous Flux                  | 12,700 lm                        |
| Standard tilt angle posttop    | O°                               |
| Standard tilt angle side entry | O°                               |
