## Pentura Mini LED

### BN130C LED10S/830 PSU L1185

LED Module, system flux 1000 lm, 830 warm white, Power supply unit (On/Off)

Pentura Mini LED is an extremely slim batten that offers the energy-saving benefits of LED technology, coupled with excellent lighting performance – bright, uniform light with good color rendering. Pentura Mini LED is very easy to install, even where space is limited, e.g. under shelves in shops, and over worktops and workstations in the home and home office. Thanks to its integrated driver and through-wiring, installation time is reduced to a minimum. Power cable, mounting clips and connection accessories are also supplied. Thin end-caps minimize black spots between the products, enabling consumers to create a continuous light-line.

#### Product data

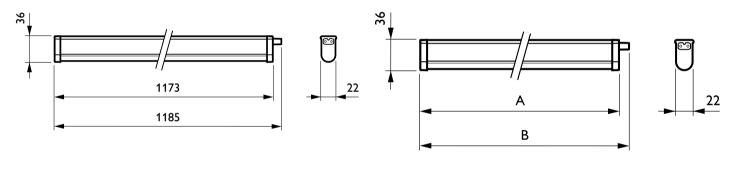

| General Information      |   |  |
|--------------------------|---|--|
| Lamp family code         | LED10S [LED Module, system flux 1000 lm]            |  |
| Light source replaceable | No  |  |
| Driver included          | Yes   |  |
| Remarks                  | *-Per Lighting Europe guidance paper                |  |
|                          | "Evaluating performance of LED based luminaires     |  |
|                          | - January 2018": statistically there is no relevant |  |
|                          | difference in lumen maintenance between B50         |  |
|                          | and for example B10. Therefore, the median          |  |
|                          | useful life (B50) value also represents the B10     |  |
|                          | value.  |  |
| CE mark                  | CE mark   |  |
| Glow-wire test           | Temperature 850 °C, duration 5 s                    |  |
|                          |   |  |
| Light Technical          |   |  |
| Luminous Flux            | 1,000 lm  |  |
