

# Smartbright Waterproof G2

## WT066C NW LED18 L600 PSU FW

Smartbright Waterproof G2, 19.4 W, 1800 lm, 4000 K, 120°

SmartBright Waterproof G2 is an innovation from SmartBright Waterproof G1, can be used to replace traditional waterproof luminaires with fluorescent lamps or LED tubes, provides quality of light with substantial energy & maintenance savings. The luminaire and its components are designed for both indoor and semi-outdoor application (anti-UV PC material housing and diffuser), it is an ideal lighting solution for canopy, food industry, parking garages, car washers. Beyond that, SmartBright Waterproof G2 is also maintenance free by seal for life integral design, and reliable 25K hrs lifetime.

#### **Product data**

| General Information      |                                  |
|--------------------------|----------------------------------|
| Light source replaceable | No                               |
| Number of gear units     | 1 unit                           |
| Driver included          | Yes                              |
| Light source engine type | LED                              |
| Service tag              | Yes                              |
| Glow-wire test           | Temperature 750 °C, duration 5 s |
| Flammability mark        | -                                |
| CE mark                  | CE mark                          |
| ENEC mark                | -                                |
| Warranty period          | 3 years                          |
| EU RoHS compliant        | Yes                              |

| Light Technical                    |                               |
|------------------------------------|-------------------------------|
| Luminous Flux                      | 1,800 lm                      |
| Correlated Color Temperature (Nom) | 4000 K                        |
| Luminous Efficacy (rated) (Nom)    | 90 lm/W                       |
| Color rendering index (CRI)        | >80                           |
| Beam angle of light source         | - degree(s)                   |
| Light source color                 | Neutral white                 |
| Optic type                         | Symmetrical                   |
| Optical cover type                 | Polycarbonate bowl/cover opal |
| Luminaire light beam spread        | 120°                          |
|                                    |                               |
| Operating and Electrical           |                               |
| Input Voltage                      | 220 to 240 V                  |
| Line Frequency                     | 50 to 60 Hz                   |
|                                    |                               |

## Smartbright Waterproof G2

| Inrush current                         | 6.9 A                      |  |
|--|----------------------------|--|
| Inrush time                            | 0.1 ms                     |  |
| Power Consumption                      | 19.4 W                     |  |
| Power Factor (Fraction)                | 0.9                        |  |
| Connection                             | Flying leads/wires         |  |
| Cable                                  | Cable 0.3 m without plug   |  |
| Number of products on MCB of 16 A type | <b>B</b> 70                |  |
| Temperature                            |                            |  |
| Ambient temperature range              | -30 to +45 ℃               |  |
| · -                                    |                            |  |
| Controls and Dimming                   |                            |  |
| Dimmable                               | No                         |  |
| Driver/power unit/transformer          | Power supply unit (On/Off) |  |
| Control interface                      | -                          |  |
| Constant light output                  | No                         |  |
| Mechanical and Housing                 |                            |  |
