

MultiOne Configurator

LCN8650/11 MultiOne interface USB2ZigBee

Today's manufacturers are able to offer perfectly tailored lighting solutions that are intelligent and so can also be adapted to tomorrow's needs. Philips' new configurable gear units with built-in control functions allow programming of the luminaire's behavior in order to maximize energy savings and minimize environmental impact. Philips' light configurator is the single intuitive system allowing users to configure all the different functions in every programmable driver from Philips. Creating the perfect match for the application has never been easier.
