

RF Mesh nodes

LCA7400/00 mounting plate

RF Mesh is a networked controls system based on two-way wireless communication using the latest mesh network technology. The system enables individual light points to be controlled remotely and to be managed via online platforms. Lighting operators can control remotely the outdoor lighting infrastructure setting dimming levels to achieve considerable energy savings and can get real time feedback from the luminaires reducing operating and maintenance costs via accurate scheduling of on-site maintenance service tasks, while improving both the quality and reliability of outdoor lighting.

Product data

Product Data	
Order product name	LCA7400/00 mounting plate
Full product name	LCA7400/00 mounting plate
Full product code	871869654249100
Order code	913700388903
Material Nr. (12NC)	913700388903

Numerator - Quantity Per Pack	1
EAN/UPC - Product/Case	8718696542491
Numerator - Packs per outer box	18
EAN/UPC - Case	8718696542507
