

Dynalite Integration Devices

PDEG

Within any modern project, many third-party systems can be found performing different roles. Each separate system may use a different protocol for communication. Philips Dynalite has developed a range of gateway devices that can be used to synchronize these systems' functions into one integrated system solution. By utilizing the correct gateway, different systems can be integrated, allowing end-users access to a fully automated site from one interface. By successfully integrating third-party systems with a Dynalite solution, repetitive end-user interaction is reduced.

Product data

General Information		Full product code	871869600172100
Remarks	Please download the Lighting - Product Data Sheet for more information and ordering options	Local code description	ENVISIONGATEWAY
CE mark	CE mark	Order code	913703013809
EU RoHS compliant	Yes	Material Nr. (12NC)	913703013809
Temperature		Local order code	.
Ambient temperature range	-5 to +50 °C	Numerator - Quantity Per Pack	1
Product Data		EAN/UPC - Product/Case	8718696001721
Order product name	PDEG	Numerator - Packs per outer box	1
Full product name	PDEG	EAN/UPC - Case	8718696009222
