

Dynalite Integration Devices

DDNG-BACnet J-8025 Platform AX

Within any modern project, many third-party systems can be found performing different roles. Each separate system may use a different protocol for communication. Philips Dynalite has developed a range of gateway devices that can be used to synchronize these systems' functions into one integrated system solution. By utilizing the correct gateway, different systems can be integrated, allowing end-users access to a fully automated site from one interface. By successfully integrating third-party systems with a Dynalite solution, repetitive end-user interaction is reduced.

Product data

General Information	
Remarks	Please download the Lighting - Product Data Sheet for more information and ordering options
CE mark	CE mark
EU RoHS compliant	Yes

Temperature	
Ambient temperature range	-20 to +50 °C

Product Data	
Order product name	DDNG-BACnet J-8025 Platform AX

Full product name	DDNG-BACnet J-8025 Platform AX
Full product code	871869688834600
Order code	88834600
Material Nr. (12NC)	913703246909
Numerator - Quantity Per Pack	1
EAN/UPC - Product/Case	8718696888346
Numerator - Packs per outer box	1
EAN/UPC - Case	8718696895344
