TCS165 4XTL5-13W/840 EB C6

4, TL5, 13 W, 840 neutral white, Electronic, High-gloss optic double parabolic closed

Designed to meet the need for energy-efficient lighting, the TCS165 luminaire incorporates Philips TL5 technology, which means it saves on energy and is ideal for replacing outdated facilities. With its innovative design and dedicated optics, the TCS165 range can be used as general lighting in a wide variety of applications including offices, corridors, schools, and shops (supermarkets, DIY). Used in combination with electronics ballasts and Philips TL5 lamps, it provides substantial energy savings. The low-height luminaire is ideal when the distance between the ceiling and the slab is limited. For greater convenience, the luminaire does not have to be opened because it has pre-installed lamps and can be connected from the outside.
