

Capella LED Architectural Roadway small (CPLS)

Capella Small Version, 32 LED, Type II, Flat Lens

Capella Small Version, 32 LED, Type II, Flat Lens – 99 lm/W

Respectful of the night sky with photometric performance at its finest. Inspired by the splendor of movement, the LED Capella is one of the most adaptable luminaires on the market. With its graceful curves and sweeping lines it contributes to the beautification of any environment and enhances the visual impact of any project. The Capella comes in two sizes to maximize its potential and appeal. The smaller version is perfect for lighting alleyways, pathways, sidewalks and small roadways while the larger version is ideal for city streets and boulevards. The two complement each other and can be used in tandem to add a measure of grace and fluidity to any area, big or small.
