The more you dim, the warmer the light

Unlike standard LEDs, these Philips bulbs offer a dimmable warm glow effect that lets you go from functional lighting, to inviting, to cozy. You can customize your room for every moment and always have the right light.

Easy to use

- Instant on

Long life

- Long life

Dimmable

- Dimmable

Energy efficient

- Energy savings

High quality light

- Designed for the comfort of your eyes

Add a beautiful sparkle to your home

- Multiple application

Highlights

Instant on

Just by flipping the switch, your room is at full brightness. No slow starting or waiting.

Long life (LED US)

With a lifetime of up to 25,000 hours, you can reduce the hassle of frequently replacing your light bulbs. Philips LED bulbs enable the perfect lighting solution for 22+ years.*

Dimmable (US)

With a dimmable warm glow effect, the difference is clear. The gradual dimming feature enables lights to dim to warm tones similar to traditional bulbs.

Energy saving

Enjoy the energy-savings of LEDs without sacrificing light quality

Gentle LEDs, easy on the eyes

It's easy to see how harsh lighting can strain the eyes. Too bright, and you get the glare. Too soft and you experience flicker. Now you can gently light up your world with LEDs designed to go easy on the eyes, and create the perfect ambience for your home.

Multiple application

Suitable for use in enclosed fixtures and Ideal for any room in your home.
