

# Light that's easy on your eyes

Poor quality light could cause eye strain. It's more important than ever to properly light your home. Philips LED lamps fulfill stringent test criteria to ensure they meet our Eyecomfort requirements.

#### Easy to use

· Instant on

#### Long life

· Long life

#### **Energy efficient**

Energy savings

### Create a warm atmosphere

· Dimmable

#### High quality light

- Designed for the comfort of your eyes
- No visible flicker

## Highlights

#### Instant on

Just by flipping the switch, your room is at full brightness. No slow starting or waiting.

#### Long life (LED US)

With a lifetime of up to 25,000 hours, you can reduce the hassle of frequently replacing your light bulbs. Philips LED bulbs enable the perfect lighting solution for 22+ years.\*

#### **Energy saving**

Enjoy the energy-savings of LEDs without sacrificing light quality

#### **Dimmable**

Designed to provide quality dimming to create the right ambiance for any activity, from relaxed to active atmospheres.

#### Gentle LEDs, easy on the eyes

It's easy to see how harsh lighting can strain the eyes. Too bright, and you get the glare. Too soft and you experience flicker. Now you can gently light up your world with LEDs designed to go easy on the eyes, and create the perfect ambience for your home.

#### No visible flicker

When your light flickers in quick succession it could be hard on the eyes, cause headaches, and even set off an attack for those with photosensitive epilepsy. It's both unpleasant and unnecessary. LEDs can flicker because of their rapid response to the driver current. However, because Philips LEDs are designed so that variations in your driver current's output are minimized, they eliminate the factors that cause flicker. So, you won't see it, not even a hint.

## Specifications

#### **Characteristics**

Shape: BR30, ReflectorDimmable: Yes

Intended use: Indoor

· Socket: E26

· Base: Medium Screw base

#### **Bulb dimensions**

Width: 3.78 inchHeight: 5.20 inch

#### **Durability**

 Average life (at 2.7 hrs/day): 22.8 year(s)

Nominal lifetime: 25,000 hour(s)Number of switch cycles: 50,000

#### **Light characteristics**

· Application: General light

· Color rendering index (CRI): 80

· Color temperature: 5000 K

· Light Color Category: Daylight

Nominal luminous flux: 650 lumen

• EyeComfort: Yes

Miscellaneous

#### **Power consumption**

· Energy Star Certified: Yes

Voltage: 120 VWattage: 8 W

· Wattage equivalent: 65 W
