Highlights

Reset (Sceneswitch)

If multiple lamps are used and they are no longer synchronized, simply toggle the switch (turn it on and off again within 1 second) to restore the lamps to the default factory setting.

25,000-hour rated average life

With a lifetime of up to 25,000 hours, you can reduce the hassle of frequently replacing your light bulbs and enjoy a perfect lighting solution for over 25 years.

Plug and play

Delivers a variety of great light scenes straight out of the box to suit your different needs and moods. The intelligence is in the bulb itself, so no dimmer or other additional installation is required. Simply replace your bulb with this Scene Switch bulb, and you can change between different scenes at a flick of your existing wall switch. Lowest level of investment and effort required to enjoy the highest level of comfort. Now you can change the ambiance easily to suit whatever you're doing and your mood at the time.

Three light settings (SSDL)

All-in one replacement bulb that changes between three different brightness levels of Daylight, all with your existing switch.

Auto memory (sceneswitch)

This Scene Switch lamp has a built-in memory chip which will memorize your last light setting if the switch is turned off for longer than 6 seconds. If you don't often switch between activities, the light will be in your favorite mode when you turn it on again.

Gentle LEDs, easy on the eyes

It's easy to see how harsh lighting can strain the eyes. Too bright, and you get the glare. Too soft and you experience flicker. Now you can gently light up your world with LEDs designed to go easy on the eyes, and create the perfect ambiance for your home.
