## Light that's easy on your eyes

Poor quality light could cause eye strain. It's more important than ever to properly light your home. Philips LED lamps fulfill stringent test criteria to ensure they meet our Eyecomfort requirements†

### Application areas

- Looks like a standard bulb, performs like an LED

### Energy efficient

- Energy savings

### Add a beautiful sparkle to your home

- Multiple application

# PHILIPS

**Comfortable LED light that is easy on your eyes**

- Designed for the comfort of your eyes
- No visible flicker

# Highlights

## Standard bulb replacement

Philips Dimmable Clear Glass LED Light Bulbs are a smart, energy-saving alternative to your standard incandescent. This B11 household bulb is the perfect replacement for anywhere traditional candle-shaped bulbs with a candelabra base are used, such as chandeliers, foyer fixtures, recessed coves and bedrooms. The classic glass design with exposed filament offers a warmly nostalgic appearance that beautifully illuminates your decor.

## Energy saving

Enjoy the energy-savings of LEDs without sacrificing light quality

## Multiple application

Suitable for use in enclosed fixtures and Ideal for any room in your home.

## Gentle LEDs, easy on the eyes

It's easy to see how harsh lighting can strain the eyes. Too bright, and you get the glare. Too soft and you experience flicker. Now you can gently light up your world with LEDs designed to go easy on the eyes, and create the perfect ambience for your home.

## No visible flicker

When your light flickers in quick succession it could be hard on the eyes, cause headaches, and even set off an attack for those with photosensitive epilepsy. It's both unpleasant and unnecessary. LEDs can flicker because of their rapid response to the driver current. However, because Philips LEDs are designed so that variations in your driver current's output are minimized, they eliminate the factors that cause flicker. So, you won't see it, not even a hint.

# Specifications

## Bulb characteristics

- Shape: Candle
- Dimmable: Yes
- Intended use: Indoor

## Bulb dimensions

- Width: 1.38 inch
- Height: 3.82 inch

## Durability

- Average life (at 2.7 hrs/day): 13.78 year(s)
- Nominal lifetime: 15,000 hour(s)
- Number of switch cycles: 20,000

## Light characteristics

- Application: Soft light
- Color rendering index (CRI): 80
- Color temperature: 2700 K
- Light Color Category: Soft White

## Miscellaneous

- EyeComfort: Yes

## Power consumption

- Energy Star Certified: Yes
- Wattage: 4 W
- Wattage equivalent: 40 W
