Light that's easy on your eyes

Poor quality light could cause eye strain. It's more important than ever to properly light your home. Philips LED lamps fulfill stringent test criteria to ensure they meet our Eyecomfort requirements†

Application areas

- Looks like a standard bulb, performs like an LED

Energy efficient

- Energy savings

Add a beautiful sparkle to your home

- Multiple application

PHILIPS

Comfortable LED light that is easy on your eyes

- Designed for the comfort of your eyes
- No visible flicker

Highlights

Standard bulb replacement

Philips 40-Watt Equivalent Classic Glass LED A-shape light bulbs are a smart energy saving alternative to your standard incandescent with a classic glass design. This Philips 4.5-Watt LED A19 household light bulb is the perfect replacement for anywhere traditional light bulbs are used, such as table or floor lamps. It provides a light similar to natural daylight, perfect for your living room, bedroom, kitchen or any place in your home where you would use a standard incandescent light bulb.

Energy saving

Enjoy the energy-savings of LEDs without sacrificing light quality

Multiple application

Suitable for use in enclosed fixtures and Ideal for any room in your home.

Gentle LEDs, easy on the eyes

It's easy to see how harsh lighting can strain the eyes. Too bright, and you get the glare. Too soft and you experience flicker. Now you can gently light up your world with LEDs designed to go easy on the eyes, and create the perfect ambience for your home.

No visible flicker

When your light flickers in quick succession it could be hard on the eyes, cause headaches, and even set off an attack for those with photosensitive epilepsy. It's both unpleasant and unnecessary. LEDs can flicker because of their rapid response to the driver current. However, because Philips LEDs are designed so that variations in your driver current's output are minimized, they eliminate the factors that cause flicker. So, you won't see it, not even a hint.

Specifications

Bulb characteristics

- Shape: Bulb
- Dimmable: No
- Intended use: Indoor

Bulb dimensions

- Width: 2.36 inch
- Height: 4.06 inch

Durability

- Average life (at 2.7 hrs/day): 13.78 year(s)
- Nominal lifetime: 15,000 hour(s)
- Number of switch cycles: 20,000
