

# Light that's easy on your eyes

Poor quality light could cause eye strain. It's more important than ever to properly light your home. Philips LED lamps fulfill stringent test criteria to ensure they meet our Eyecomfort requirements.

### **Application areas**

· Perfect for accent lighting

### High quality light

- Designed for the comfort of your eyes
- · No visible flicker
- · Bright white light

### Instant on

· Instant light when switched on

### Highlights

### Perfect for accent lighting

This LED GU10 spot light provides a focused beam of bright light, perfect for creating extra dimension and depth with accent lighting.

### Gentle LEDs, easy on the eyes

It's easy to see how harsh lighting can strain the eyes. Too bright, and you get the glare. Too soft and you experience flicker. Now you can gently light up your world with LEDs designed to go easy on the eyes, and create the perfect ambience for your home.

### No visible flicker

When your light flickers in quick succession it could be hard on the eyes, cause headaches, and even set off an attack for those with photosensitive epilepsy. It's both unpleasant and unnecessary. LEDs can flicker because of their rapid response to the driver current. However, because Philips LEDs are designed so that variations in your driver current's output are minimized, they eliminate the factors that cause flicker. So, you won't see it, not even a hint.

### **Bright white light**

This bulb has a color temperature of 3000K providing you with a bright, warm light, perfect for creating an inviting ambiance to host friends or wind down with a book.

#### **Instant On**

No need to wait: Philips LED light bulbs provide their full level of brightness immediately when they are switched on. Just by flipping the switch, your room is at full brightness. There is no slow starting or waiting.

## Specifications

### **Characteristics**

Shape: SpotDimmable: NoSocket: GU5.3

### **Bulb dimensions**

Height: 4.6 cmWidth: 5.1 cm

### **Durability**

Average life (at 2.7 hrs/day): 15 year(s)

Lumen maintenance factor: 0.7Nominal lifetime: 15,000 hour(s)

· Number of switch cycles: 50,000

### **Light characteristics**

• Beam angle: 35 degree(s)

· Color rendering index (CRI): 80

· Color temperature: 3000 K

· Light Color Category: White

· Nominal luminous flux: 250 lumen

• Starting time: < 0.5 s

• Warm-up time to 60% light: Instant full light

### Miscellaneous

EyeComfort: Yes

### Other characteristics

· Lamp current: 385 mA

### **Power consumption**

Power factor: 0.6Voltage: 12 VWattage: 3 W

· Wattage equivalent: 20 W

• Energy Efficiency Label (EEL): A++

### **Rated values**

Rated beam angle: 35 degree(s)
Rated lifetime: 15,000 hour(s)
Rated luminous flux: 250 lumen
Rated peak intensity: 600 cd

• Rated power: 3 W
