One lamp. Your switch. Three light settings.

Change your room ambiance to suit whatever you're doing. With the Philips SceneSwitch LED lamp, you can easily change the setting from bright light, to natural light and to a cozy warm glow. All you need is your existing switch.

High quality light

- Designed for the comfort of your eyes

Plug and Play

- No dimmer or additional installation needed

Auto memory

- The lamp can memorize your last setting

Choose for a sustainable solution

- Long life bulbs - Lasts up to 25 years

Light beyond illumination

- Three light settings
- Restore the lamp to the default factory setting

Highlights

Gentle LEDs, easy on the eyes

It's easy to see how harsh lighting can strain the eyes. Too bright, and you get the glare. Too soft and you experience flicker. Now you can gently light up your world with LEDs designed to go easy on the eyes, and create the perfect ambience for your home.

Auto memory (sceneswitch)

This Scene Switch lamp has a built-in memory chip which will memorize your last light setting if the switch is turned off for longer than 6 seconds. If you don't often switch between activities, the light will be in your favorite mode when you turn it on again.

Reset (Sceneswitch)

If multiple lamps are used and they are no longer synchronized, simply toggle the switch (turn it on and off again within 1 second) to restore the lamps to the default factory setting.

Plug and play

Delivers a variety of great light scenes straight out of the box to suit your different needs and moods. The intelligence is in the bulb itself, so no dimmer or other additional installation is required. Simply replace your bulb with this Scene Switch bulb, and you can change between different scenes at a flick of your existing wall switch. Lowest level of investment and effort required to enjoy the highest level of comfort. Now you can change the ambience easily to suit whatever you're doing and your mood at the time.

25,000-hour rated average life

With a lifetime of up to 25,000 hours, you can reduce the hassle of frequently replacing your light bulbs and enjoy a perfect lighting solution for over 25 years.

Three light settings (SSCC)

All-in one replacement bulb that flips from soft white to daylight to a cozy warm glow, all with your existing switch.

Specifications

Characteristics

- Shape: Bulb
- Dimmable: No
- Intended use: Indoor
- Lamp shape: Non directional bulb
- Socket: E26
- Type of glass: Frosted
- Lamp shape code: A21

Bulb dimensions

- Height: 13.7 cm
- Width: 10,000 cm

Durability

- Average life (at 2.7 hrs/day): 15 year(s)
- Lumen maintenance factor: 0.7
- Nominal lifetime: 15,000 hour(s)
- Number of switch cycles: 76

Light characteristics

- Beam angle: 200 degree(s)
- Color rendering index (CRI): 80
- Color temperature: 2700-5000-2200 K
- Light Color Category: SoftWhite/DayLight/WarmWhite
- Nominal luminous flux: 1600-1600-160 lumen
- Starting time: 0.5 s
- Warm-up time to 60% light: Instant full light

Miscellaneous

- EyeComfort: Yes

Other characteristics

- Lamp current: 210 mA

Power consumption

- Power factor: 0.7
- Voltage: 120 V
- Wattage: 17, 15, 7 W
- Wattage equivalent: 100 W

Product dimensions & weight

- Length: 13.7 cm

Rated values

- Rated beam angle: 200 degree(s)
- Rated lifetime: 15,000 hour(s)
- Rated luminous flux: 1600-1600-160 lumen
- Rated power: 17-15-7 W

Technical specifications

- Frequency: 60 Hz
