Highlights

Start simple with smart Wi-Fi LED

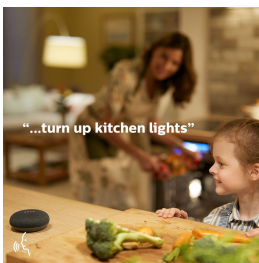

It's easy to get started with smart lighting. Simply screw in your bulb, download the WiZ app and follow the steps. And you're ready to go! Need more help? Get live in-app chat support.

Instant app control

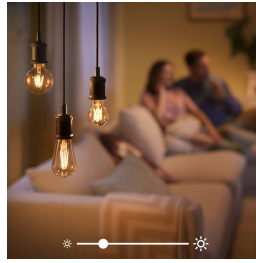

Adjust the lighting from anywhere using the free, easy-to-use app. No need to go from room to room to make sure all your lights are off. Control all lights wherever you are with the smartphone app for iOS and Android.

Go hands-free with voice control

Get hands-free control of your lights and use your voice instead. With voice-activated devices from Google and Amazon or use Siri shortcuts, you can control your lights with just the sound of your voice.

Dimmable extra warm white light

Enhance the ambiance in your home with extra warm white light that dims smoothly via app or voice to your desired brightness level.

Designed for the comfort of your eyes

It's easy to see how harsh lighting can strain the eyes. Too bright, and you get glare. Too soft and you experience flicker. Now you can gently light up your world with LEDs designed to go easy on the eyes, and create the perfect ambience for your home.

Light that shows true colors

See the true colors of your clothes when you select an outfit from your wardrobe – you can pair a red dress and red shoes with confidence and be sure the colors match perfectly.

Looks good on and off

"These beautiful lamp with visible filament add a sense of style and nostalgia to any room. Looks good on and off."
